## Consolidation of points raised by the students

### ➤ TECHNICAL ISSUES

- Network Issues
- Power failure due to heavy rains causing Wi-fi failures too
- Requested prior notification of schedules
- A few students having NO DEVICE at all (including one from Lakshadweep)
- Three students (Kothamangalam and nearby places) could attend even a single class yet, due to network issues. They receive notes by whatsapp
- Join option is not received by many and they join on invitation by others
- MS Teams need good net speed
- Notes are disappearing from Teams
- Exam upload is also not easy to be done within stipulated time
- Schedules getting overlapped, Classes overlapping
- Submission of assignments are also not easy due to network issues
- One student from Idukki cannot access classes due to SIM issue, as he cannot go out due to lockdown

### ➤ TIME DURATION

- Five hours of continuous class without break causing charge depletion in phones and health issues
- Either reduce the number of hours or reduce duration of each class to 50 minutes with 10 minutes break
- Break needed as phone gets heated up, charge depleting, etc.
- Portions are almost over in some depts, and hence classes may be reduced
- **Since portions are moving fast due to uninterrupted classes, duration can be easily reduced**

### ➤ LAKSHDWEEP

- One student from Lakshadweep has no phone at all
- One student from Lakshadweep (Androth, Kalpeni) could not yet attend any class due to network issues
- One student from Lakshadweep has only Wi-Fi connectivity and that too fails at times

### ➤ HEALTH ISSUES

- Health issues, especially strain to eyes due to prolonged screen time
- After 5 long hours of class, **they need to copy notes** also, extending the screen time further

### ➤ DISCIPLINARY ISSUES

- **Disciplinary issues during online classes: students getting removed in between classes- teachers need to set privileges**
- **Unmuting/Removing issues happening by classmates**

## ➤ GRIEVANCES and SUGGESTIONS

- Avoid sending notes in bulk
- A student from Kuttampuzha which is flood-affected has moved to a different place and cannot access classes
- **Conducting exams late in the evening may be avoided, since a few students are doing part-time jobs in the afternoon**
- **Afternoon classes maybe avoided**
- Requested sufficient time for submission of assignments
- Requested class recording
- Requested reduction of audio classes' duration and content
- Better option is either video+audio upload in YouTube or video upload in MS Stream
- Suggested that video sharing may be done for simple topics, so that live classes can deal only with difficult topics
- Short or recorded videos would be better for problem sections
- Recorded video files may help
- Better if teachers can use board while doing derivations, etc, rather than tying it on powerpoint slides in advance
- Notes may be posted in groups rather than reading out online
- Class schedules are not getting communicated properly and sufficiently in advance
- **Scheduling as a series may help in knowing the classes in advance as well as for effective access to notification**
- Notes may be posted instead of making copy from ppts.
- Instead of downloading attendance, calling out names would be better, as students get offline intermittently
- Suggestion: better if notes are posted in advance before a particular class
- **Avoid continuous class from same teacher**
- Requested to reduce notes of open courses
- Problems done on board help better
- **Time table is not properly received**
- Notes may be reduced
- Online Lab sessions are not advisable, especially Computer Programming. This is more difficult for biology background students. Better postpone it until its possible to do the programmes on a computer

**College library is charging fine which comes upto about Rs. 100/- during lockdown period**

A meeting of IQAC with departmental IQAC coordinators was conducted at 2.30 pm on 22.05.2021. IQAC Coordinator Dr. Preethi Nair welcomed the members and presented the agenda. Smt. Gopika presented the Google form created for Student Satisfaction Survey which included a survey on Covid support mechanisms, and invited modifications and suggestions. Dr. Jee G made suggestions to modify the questions to ensure clarity. Dr. Sreekala M.S suggested to add questions related with Covid Volunteering carried out by our students. Dr. Sumi Mary George suggested to add questions to be posed to research scholars. Dr. Sumi Mary George along with Dr. Preemy will help in the framing of the questions for research scholars. It may be included as a different section in the same format. Dr. Biju Thomas pointed out to have a pilot survey by giving the format to a smaller group of students to identify flaws/lack of clarity in questions, if any. It was decided to convene a meeting of IQAC students committee and get the pilot survey done. After the pilot survey, the link to the student satisfaction survey is to be duly filled in and submitted by all the students.

Dr. Preethi Nair asked about the possibility of collecting the mandatory feedback from other stakeholders such as parents, Alumni, teachers, etc., before the final year students leave the campus. Google forms need to be created for this purpose also.

The coordinator invited suggestions towards planning for the online classes and exams to be conducted during the next academic year which starts in June 2021. Many teachers expressed concern over the waning attendance of students during online classes recently. Dr. Sreekala M. S. suggested that interacting online with parents by creating a teachers parents WhatsApp group has helped to improve class attendance in Chemistry department.

Dr. Preethi Nair requested suggestions on having a college academic calendar, so that the online classes of all departments progress on a uniform basis. The tentative date for internal examinations may also be included in the academic calendar. Since the first-year classes of last academic year started a bit later than normal due to covid uncertainties, the second semester portions have not been completed yet. Hence it would be better if third semester starts by July 2021. As per the M.G University academic calendar, the second semester UG classes ends on 09/07/2021. The college calendar may be prepared taking the MG University calendar also into consideration. Dr. Sreekala suggested an academic calendar for PG students as well.

Sri. Prasad S requested all department IQAC coordinators to ensure complete updating of the respective department webpages before the end of May 2021. He also ensured that the first year students will be given Teams id in a couple of days.

The coordinator also requested the members to submit activity reports of previous academic year including the names and grades of toppers (and rank holders, if any) along with their photographs.

Dr. Manju T. summarized the important points. The meeting ended at 3.30 pm.

## Points:

Dr. Preethi Nair welcomed students and explained the agenda of the meeting. Dr. Manju T. explained about the Students Satisfaction Survey form and the pilot survey. Smt. Gopika G presented the survey form. Students filled in the form and presented the difficulties or ambiguities which were encountered while filling in.

Afterwards, the students were invited to put forward their suggestions for next academic year, focusing more on online classes and related matters. The main points raised by the students are presented below:

- The teachers may kindly ensure that the classes are strictly maintained within stipulated time schedule, so that the break of 15 minutes can be availed justifiably.
- The department of Environment Studies seeks fund to convene workshops and webinars beneficial for students.
- Placement cell activities of the campus needs to be strengthened and students need an active counselling and career guidance cell
- Clubs for extra curricular activities such as music and dance clubs, drama clubs, debate clubs, etc., need to be functioning in the campus
- Sports activities needs to be encouraged, and facilities for outdoor games has to be provided
- The contact details of student representatives of Anti-ragging cell needs to be displayed in the campus and in college handbook.
- Students enquired about possibilities to have short stints of offline classes, in order to meet with classmates and teachers.
- The issue of conduct of pending exams of students who had attended NSS camps needs to be attended immediately
- A majority of students expressed unavailability of a decent network at home for an uninterrupted online learning.
- In such cases, they suggested classes in video/audio recorded form would be better than live classes
- In classes, in particular science disciplines, use of writing boards would be much appreciated since, practices like reading texts in pdf forms online makes classes difficult to concentrate and indigestible.
- Conducting online tests in the form of normal descriptive methods is useless, instead teachers may think of adopting alternate assessment methods such as assignments, viva, MCQs etc.,
